

General Assembly

Substitute Bill No. 1111

January Session, 2009

* SB01111FIN__041709__ *

**AN ACT CONCERNING AUTHORIZATION OF STATE GRANT
COMMITMENTS FOR SCHOOL BUILDING PROJECTS AND
CONCERNING CHANGES TO THE STATUTES CONCERNING
SCHOOL BUILDING PROJECTS.**

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1 Section 1. (*Effective from passage*) The Commissioner of Education,
2 having reviewed applications for state grants for public school
3 building projects in accordance with section 10-283 of the general
4 statutes on the basis of priorities for such projects and standards for
5 school construction established by the State Board of Education, and
6 having prepared a listing of all such eligible projects ranked in order of
7 priority, including a separate schedule of previously authorized
8 projects which have changed substantially in scope or cost, as
9 determined by said commissioner together with the amount of the
10 estimated grant with respect to each eligible project, and having
11 submitted such listing of eligible projects, prior to December 15, 2008,
12 to a committee of the General Assembly established under section
13 10-283a of the general statutes for the purpose of reviewing such
14 listing, is hereby authorized to enter into grant commitments on behalf
15 of the state in accordance with said section 10-283 with respect to the
16 priority listing of such projects and in such estimated amounts as
17 approved by said committee prior to February 1, 2009, as follows:

18 (1) Estimated Grant Commitments.

26 Sec. 2. Subdivision (1) of subsection (a) of section 10-264h of the

27 general statutes is repealed and the following is substituted in lieu
28 thereof (*Effective July 1, 2009*):

29 (a) (1) For the fiscal year ending June 30, 1996, until the fiscal year
30 ending June 30, 2003, a local or regional board of education, regional
31 educational service center or a cooperative arrangement pursuant to
32 section 10-158a for purposes of an interdistrict magnet school may be
33 eligible for reimbursement up to the full reasonable cost of any capital
34 expenditure for the purchase, construction, extension, replacement,
35 leasing or major alteration of interdistrict magnet school facilities,
36 including any expenditure for the purchase of equipment, in
37 accordance with this section. (A) For the fiscal year ending June 30,
38 2004, and each fiscal year thereafter, such entities, and (B) for the fiscal
39 year ending June 30, 2008, and each fiscal year thereafter, the following
40 entities that operate an interdistrict magnet school that assists the state
41 in meeting the goals of the 2008 stipulation and order for Milo Sheff, et
42 al. v. William A. O'Neill, et al., as determined by the commissioner: (i)
43 The Board of Trustees of the Community-Technical Colleges on behalf
44 of a regional community-technical college, (ii) the Board of Trustees of
45 the Connecticut State University System on behalf of a state university,
46 (iii) the Board of Trustees for The University of Connecticut on behalf
47 of the university, (iv) the board of governors for an independent
48 college or university, as defined in section 10a-37, or the equivalent of
49 such a board, on behalf of the independent college or university, and
50 (v) any other third-party not-for-profit corporation approved by the
51 commissioner may be eligible for reimbursement up to ninety-five per
52 cent of such cost. To be eligible for reimbursement under this section a
53 magnet school construction project shall meet the requirements for a
54 school building project established in chapter 173, except that the
55 Commissioner of Education may waive any requirement in such
56 chapter for good cause. On and after July 1, 1997, the commissioner
57 shall approve only applications for reimbursement under this section
58 that he finds will reduce racial, ethnic and economic isolation. On and
59 after July 1, 2009, applications for reimbursement under this section for
60 the construction of new interdistrict magnet schools shall not be

61 accepted until the commissioner approves a comprehensive state-wide
62 interdistrict magnet school plan, unless the commissioner determines
63 that such construction will assist the state in meeting the goals of the
64 2008 stipulation and order for Milo Sheff, et al. v. William A. O'Neill, et
65 al.

66 Sec. 3. Subsection (c) of section 10-286 of the general statutes is
67 repealed and the following is substituted in lieu thereof (*Effective July*
68 *1, 2009*):

69 (c) In the computation of grants pursuant to this section for any
70 school building project authorized by the General Assembly pursuant
71 to section 10-283 (1) after January 1, 1993, any maximum square
72 footage per pupil limit established pursuant to this chapter or any
73 regulation adopted by the State Board of Education pursuant to this
74 chapter shall be increased by twenty-five per cent for a building
75 constructed prior to 1950; (2) after January 1, 2004, any maximum
76 square footage per pupil limit established pursuant to this chapter or
77 any regulation adopted by the State Board of Education pursuant to
78 this chapter shall be increased by up to one per cent to accommodate a
79 heating, ventilation or air conditioning system, if needed; [and] (3)
80 [after] for the period from July 1, 2006, to June 30, 2009, inclusive, for
81 projects with total authorized project costs greater than ten million
82 dollars, if total construction change orders or other change directives
83 otherwise eligible for grant assistance under this chapter exceed five
84 per cent of the authorized total project cost, only fifty per cent of the
85 amount of such change order or other change directives in excess of
86 five per cent shall be eligible for grant assistance; and (4) after July 1,
87 2009, for projects with total authorized project costs greater than ten
88 million dollars, if total construction change orders or other change
89 directives otherwise eligible for grant assistance exceed five per cent of
90 the total authorized project cost, such change order or other change
91 directives in excess of five per cent shall be ineligible for grant
92 assistance.

93 Sec. 4. Section 10-284 of the general statutes is repealed and the

94 following is substituted in lieu thereof (*Effective July 1, 2009*):

95 (a) The Commissioner of Education shall have authority to receive,
96 review and approve applications for state grants under this chapter, or
97 to disapprove any such application if (1) it does not comply with the
98 requirements of the State Fire Marshal or the Department of Public
99 Health, (2) it is not accompanied by a life-cycle cost analysis approved
100 by the Commissioner of Public Works pursuant to section 16a-38, (3) it
101 does not comply with the provisions of sections 10-290d and 10-291,
102 [or] (4) it does not meet the standards or school building priorities
103 established by the State Board of Education, or (5) the commissioner
104 determines that the proposed educational specifications for or theme
105 of the project for which the applicant requests a state grant duplicates a
106 program offered by a vocational-technical school or an interdistrict
107 magnet school in the same region.

108 (b) (1) The Commissioner of Education may also disapprove such a
109 grant application: (A) For a project for which the General Assembly
110 authorized a grant commitment prior to June 14, 1984, if the town or
111 regional school district has not begun construction, as defined in
112 section 10-282, by July 1, 1987; or (B) for any other project if the town
113 or regional school district has not begun construction, as defined in
114 section 10-282, within two years after the effective date of the act of the
115 General Assembly authorizing the Commissioner of Education to enter
116 into grant commitments for such projects as provided in sections 10-
117 283 and 10-283a.

118 (2) Prior to disapproval of an application under the provisions of
119 subparagraph (A) of subdivision (1) of this subsection, the
120 commissioner shall give written notice of the pending disapproval by
121 mail to (A) the school building committee formed in connection with
122 the application, (B) the local or regional board of education, and (C) if
123 the applicant is a local board, to the chief executive officer of the town
124 or if the applicant is a regional board, to the chief executive officer of
125 each of the district's member towns. The notice shall be given twice.
126 The first such notice shall be mailed not later than September 1, 1986,

127 and the second notice shall be mailed not later than March 1, 1987.

128 (c) When any such application is approved, said commissioner shall
129 certify to the Comptroller the amount of the grant for which the town
130 or regional school district is eligible under this chapter and the amount
131 and time of the payment thereunder. Upon receipt of such certification,
132 the Comptroller is authorized and directed to draw his order on the
133 Treasurer in such amount and at such time as certified by said
134 commissioner.

135 Sec. 5. Section 10-283b of the general statutes is repealed and the
136 following is substituted in lieu thereof (*Effective July 1, 2009*):

137 (a) On and after July 1, 1999, the Commissioner of Education shall
138 include school building projects for the regional vocational-technical
139 schools on the list developed pursuant to section 10-283. Prior to
140 inclusion on the list, such projects shall be reviewed by the Department
141 of Public Works. The adoption of the list by the General Assembly and
142 authorization by the State Bond Commission of the issuance of bonds
143 pursuant to section 10-287d shall fund the full cost of the projects. On
144 or after July 1, 2007, the commissioner may approve applications for
145 grants to assist school building projects for the regional vocational-
146 technical school system to remedy damage from fire and catastrophe,
147 to correct safety, health and other code violations, to replace roofs, to
148 remedy a certified school indoor air quality emergency, or to purchase
149 and install portable classroom buildings at any time within the limit of
150 available grant authorization and to make payments on such a project
151 within the limit of appropriated funds, provided portable classroom
152 building projects do not create a new facility or cause an existing
153 facility to be modified so that the portable buildings comprise a
154 substantial percentage of the total facility area, as determined by the
155 commissioner. Funds for the projects shall be transferred to the
156 Department of Public Works and, upon such transfer, the projects shall
157 be subject to the requirements of chapters 59 and 60. On and after July
158 1, 2009, vocational-technical school building projects shall begin
159 construction not later than one hundred twenty days after final

160 approval of plans and specifications for the project.

161 (b) The Department of Public Works shall ensure that an architect
162 and a construction manager or construction administrator hired to
163 work on a project pursuant to subsection (a) of this section are not
164 related persons as defined in subdivision (18) of subsection (a) of
165 section 12-218b.

166 Sec. 6. Subdivision (4) of subsection (b) of section 10-286 of the
167 general statutes is repealed and the following is substituted in lieu
168 thereof (*Effective July 1, 2009*):

169 (4) Commencing with the school construction projects authorized by
170 the General Assembly during the fiscal year ending June 30, 1985, and
171 for all such projects so authorized thereafter, the calculation of grants
172 pursuant to this section shall be made in accordance with the state
173 standard space specifications in effect at the time of the final grant
174 calculation, except that (A) on and after July 1, 2005, in the case of a
175 school district with an enrollment of less than one hundred fifty
176 students in grades kindergarten to grade eight, inclusive, state
177 standard space specifications shall not apply in the calculation of
178 grants pursuant to this section and the Commissioner of Education
179 may modify the standard space specifications for a project in such
180 district, and (B) in the case of a school with students in grades
181 kindergarten to grade eight, inclusive, state standard space
182 specifications applied in the calculation of grants pursuant to this
183 section shall be those applied to grades five through eight.

This act shall take effect as follows and shall amend the following sections:

Section 1	<i>from passage</i>	New section
Sec. 2	<i>July 1, 2009</i>	10-264h(a)(1)
Sec. 3	<i>July 1, 2009</i>	10-286(c)
Sec. 4	<i>July 1, 2009</i>	10-284
Sec. 5	<i>July 1, 2009</i>	10-283b
Sec. 6	<i>July 1, 2009</i>	10-286(b)(4)
